H. OFFENSE:

CO-ED T-BALL

- No more than 3 practice swings will be allowed for each batter. (All batting motion prior to hitting is considered a practice swing).
- If the batter hits the tee, it will be considered a foul ball.
- Any batted ball that does not travel outside the arc (15 feet) will be called a foul ball.
- The coach of the team at bat or official scorer must notify the umpire when the *last* batter is coming up. When the *last* batter hits, all play is considered as a force out and all play will be stopped immediately. (No run shall score if the batter is put out before reaching first base or any runner is forced out).
- Co-ed T-ball will use the continuous batting order. The entire line-up will bat each inning.
- Only one base on an overthrow at first base. Any overthrow at first base that hits an obstruction is a dead ball. (one base will be awarded).

PITCHING MACHINE

- The continuous batting order will be used in Pitching Machine. Each roster player will be placed in the line-up and bat in order throughout the entire game. The participation rule will still be in effect for defense. A player must play at least two defensive innings per game. A player arriving after the start of the game will automatically be placed in the last position in the batting order and continue throughout the remainder of the game.*
- Bunting is not allowed. (Automatic out)
- There will be no walks. If 4 balls occur, then the count will remain 3 balls until the ball is hit or a strike out occurs.
- If a batted ball strikes the pitching machine, it is treated as a dead ball. All base runners return to the previously occupied base and the batter returns to the plate and assumes the same count.
- Players are not allowed to play off or steal bases.
- The object of Pitching Machine is for the batter to swing and hit the ball. There will be no walks. A batter may only take 2 pitches before automatic strikes will be called. The automatic strike will only be called if the pitch is a strike.

LIVE PITCH

- The continuous batting order will be used in Live Pitch. Each roster player will be placed in the line-up and bat in order throughout the entire game. The participation rule will still be in effect for defense. A player must play at least two defensive innings per game. A player arriving after the start of the game will automatically be placed in the last position in the batting order and continue throughout the remainder of the game.*
- The game is intended for pitchers to learn to pitch and batters to learn to hit. Umpires are instructed to use a wider strike zone. It is not the intention of the program to allow teams to walk their way to victory while taking advantage of a young person learning to pitch.
- Players are not allowed to play off or steal bases.

DIXIE YOUTH

1. *The continuous batting order will be used in Dixie Youth. Each roster player will be placed in the line-up and bat in order throughout the entire game. The participation rule will still be in effect for defense. A player must play at least two defensive innings per game. A player arriving after the start of the game will automatically be placed in the last position in the batting order and continue throughout the remainder of the game.*

R. SPECIAL REQUESTS:

Special request for league changes will be considered and ruled on by the Recreation Department prior to the start of each sport. Any questions about the program should be directed to the Athletic Coordinator in your area.

S. DIVISION TIE-BREAKERS:

In case of a tie between two teams in the same division at the end of the regular season, the first tie-breaker will be based on a head to head basis. The team with the most head to head wins between the two teams will be declared the champion. If teams are equal in head to head competition, a one game playoff will be scheduled by the athletic staff to determine the champion.

In case of a tie between three teams in the same division at the end of the regular season, the first measure to break the tie will be head to head competition. If all teams played each other an equal amount of times, the team with the best overall record against the other two will be declared league champion. If two of the three teams are tied with the best record between the three teams, those two teams will play a one game playoff for the league championship. If all three teams are tied with head to head record, the three teams will draw a number (1,2,3). The team who draws the number 1 will get a bye. The teams that draw numbers 2 and 3 will play head to head with the winner advancing to play the team that drew number 1 for the league championship.
